---

STEWART H. WELCH, III  
MAYOR

Dear Resident:

Welcome and thank you for attending this Public Involvement Meeting for:

**Project Number: CMAQ-3718(251)**  
Sidewalks along Pine Ridge Road from Overbrook Road to Old Leeds Road

The purpose of this meeting is to present information and solicit comments on this proposed project. Your comments, along with other factors such as environmental impacts, engineering aspects and cost, will be used to progress the design of this project.

This meeting will have an Open-House format. During the Open House, you will be provided an opportunity to review and inspect the information on the proposed project. Representatives from the City of Mountain Brook, their design consultant and ALDOT will be available to explain the scope of this project and answer any questions that you may have as it relates to their area of expertise.

For accurate documentation, I encourage you to submit your written comments at this meeting, or by Friday, December 6, 2019 to the address listed below:

**Mr. DeJarvis Leonard, Region Engineer**  
East Central Region  
P.O. Box 2745  
Birmingham, Alabama 35202-2745  
Attn: Mrs. Sandra F. P. Bonner

We thank you for your interest, attendance and participation.

Sincerely,

  
Stewart H. Welch, III  
Mayor, City of Mountain Brook

**5:00 PM to 7:00 PM**  
**Mountain Brook City Hall**

**Purpose and Need:**

The purpose of the project is to improve the safety of pedestrians and provide connectivity between existing sidewalks that lead to destinations such as Jemison Park, schools, churches, and Crestline Village.

**Description:**

**Project Location** – Pine Ridge Road serves as a north-south connector between Overbrook Road and Old Leeds Road in Mountain Brook, Alabama. Overbrook Road leads directly to destinations such as Jemison Trail, Canterbury United Methodist Church, and Mountain Brook Jr. High School. Old Leeds Road leads to destinations such as St. Luke's Episcopal Church, Crestline Village, and Crestline Elementary School.

**Existing Conditions** – Pine Ridge Road is approximately 20 feet wide with narrow shoulders and drop-offs on the side of the roadway. The roadway has both horizontal and vertical curves that result in limited sight distance for vehicle drivers. Pine Ridge Road has two public bus stops located near the Old Leeds Road and Mountain Park Drive intersections.

**Proposed Improvements** - A new sidewalk is proposed along the west side of Pine Ridge Road from Overbrook Road to Old Leeds Road. The sidewalk will vary in width from 5 feet to 6 feet, and a grass buffer will be constructed in some locations between the road and sidewalk. Existing driveways will be reconstructed to tie to the grade of the new sidewalk. Existing stone walls will be avoided where possible, but due to the steep grades adjacent the roadway, new retaining walls will be required in multiple locations to minimize property impacts. Additional right-of-way and construction easements will be necessary where impacts cannot be contained within the existing right-of-way.
